Subject: RE: Order(s) on Hold - Cardinal SD# 574340

Hi Vicky,
DEA Affairs has evaluated and approves the release of this order. Although the customer is citing the Mallinkrodt backorder situation as justification, can you please have them articulate which customer(s) specifically has/have been affected and are utilizing Watson product as a result?

Thanks very much,
Tom

Attached please find the customer's response along with the SOMS order. I am also attaching the controlled substance for your reference. Based on the controlled substance report, they don't go over their customer's allowance per month until this month and they didn't order any product in August.
